### How to get here

**Rail Station:** Come out of the exit 'long and short stay car parks'. Follow the drive down to the mini-roundabout and along Aire Street. You will reach some traffic lights where you should turn left. This is Whitehall Quay. Follow it round to the end and Novotel Leeds is on the right hand side.

**Bus/Coach Station:** Exit onto New York Street and go up to the end. Keep going onto Call Lane (walk by the long bus stop) and past the 'Corn Exchange'. Follow the road round onto Duncan Street, which becomes Boar Lane, heading towards City Square. Keep going straight on, passing City Square and head left down Wellington Street and left again onto Aire Street. Follow this road down to the traffic lights and turn left towards a large white building. At the end of this road, on the right, is Novotel Leeds.

**From the Airport:** The number 747 bus regularly travels from the airport to Leeds City Bus Station. Follow directions above from there. There is also a taxi rank outside, the average cost being around £12 into the city. If you are driving, follow the signposts to the A660, then head towards Leeds City. When you reach the 'City Centre Loop', follow it round past the train station and into the City Square, then follow directions above.
